Hi Chris,

The VOCs we collected duplicates, I've relabeled as duplicate.

I reorganized the files here by location and corrected the name.

Dawn is listed in the main database, I apologize, this former results table template had not been updated.
Let me know if this all helps and if you have any other questions or need me to update anything additional.

Thank you,

Hi [Nonresponsive based on revised scope]

I am trying to put together the results letter from RW-15. On the documents you send, there are 2 results for VOCs pre-filter. Was this a duplicate or a separate location? We have only one set of pre-results for metals.

Please look into this and get back to me

Thank you
Chris
